Performance of the Company

A significant improvement in the operating performance of your company was witnessed during the financial year 2016-17 inspite of the challenges of low growth in global rubber consumption and a sudden increase in input costs during the last quarter of the financial year. Demand for rubber chemicals is a derived demand and is directly a function of global rubber consumption which for the year saw a modest growth of 1.60%. Against this backdrop, your company has posted a gross revenue of ₹ 818 crores as compared to ₹ 789 crores for the previous year. The growth in sales volume for the year also was very good at 12.5%. The performance also reflects relatively stable input prices (for the first half of the year) and commensurate lower selling prices. The lower selling prices also reflect the stiff competitive pressures in the market.

Domestic Market

Your company achieved domestic sales of ₹589 crores against the previous year's figures of ₹580 crores. The value increase appears to be modest due to lower prices for major part of the year. However, growth in volumes has been creditable and we have outperformed the market growth significantly. To put this in the right perspective, domestic rubber consumption recorded an estimated growth of 5.8% whereas our local sales volumes grew by 10%.

During the year we had to trim production levels of some products in order to manage inventories in a situation of weak demand. Our major customers too had to operate at lower than optimum levels due to large imports of low-price tyres, mainly from China. With our customers improving capacity utilisation towards the last quarter of the year, we are confident of improving volumes going forward.

For most of the year, our competitors from China, Korea and EU posted low C.I.F prices to India to counter anti-dumping duties and in an attempt to place larger volumes, as they were faced with weak demand in their domestic markets. Also some of our local competitors also adopted a low price approach to gain volumes. This continued even in the second half of the year, although raw material prices by then had started climbing towards end 2016.

It was only towards the end of the financial year 2016-17 that we saw some efforts by the international rubber chemical manufacturers to improve pricing in response to the sharply increased raw materials and pollution abatement costs.

On our part, the attempt was to try and strike a balance between volumes and realisations in a prudent fashion by making small price corrections as and when possible without much sacrifice in volumes.

As mentioned, the sharp increases in raw material prices (particularly in second half of the Financial Year 2016-17) had already resulted in higher rubber chemicals prices. These increases will largely be effective for the first quarter of 2017-18. Your company will judiciously adapt to this change in the market place keeping in mind our objective of long term sustainable growth. Some corrections were effected in January-March 2017 and some more could be made effective from April 2017.

The domestic sales volumes have to be seen from the perspective of total rubber consumption in the Indian market along with the automobile production. The automobile production for the year under review too recorded a growth of 5.44%.

Exports

On the back of small but positive indicators in the global rubber consumption and our strength in some specific markets/application areas, your company managed to record one of its best export performances in volume terms in recent years.

The recent problems faced by some of our Chinese competitors whose operations were severely constrained by stricter environmental and pollution control enforcement by the authorities there, have created a certain tightness in the supply of products in the market place. Owing to this, your Company could participate more aggressively in certain international key accounts on a relatively better level playing field. We have recorded an Export Turnover of ₹ 218 Crores as compared to ₹ 200 Crores in the previous Year.

Your company strategically continues to promote some high quality and high value speciality products in the export market which contribute significantly to our export turnover. In case of other products, where competition is acute from China/Korea/EU and pricing unattractive, your company continues to maintain a limited presence in certain select key accounts, keeping long term goals and strategy in mind, as well as to ensure better utilisation of our own capacity.

Operations

The production of all products was as planned, with a higher level of activity in certain key products to align with the market trends.

On the Input prices front, Crude oil prices witnessed a sudden surge during the second half of the year. With Benzene price going up sharply from US\$ 600 to about US\$ 1,000, most of our critical inputs also increased in tandem in the range of 30% to 80% compared to the price levels at the beginning of the year.

We have been procuring our raw materials in a judicious manner and also maintaining working inventories of both raw materials as well as finished products at appropriate levels. This has helped us to maintain our margins without getting adversely impacted by these sudden increases in input costs.

Most other costs did not show any significant increase.

Project

After a careful evaluation of the overall market conditions, and factoring the expansion plans of various major rubber industry players, the management of the company felt the need to expand our existing production capacities to fulfill the increasing demand for our productions. The Board of Directors has approved the same at the Company's plants situated at Navi Mumbai and Dahej. The total Capital Expenditure envisaged is approx. ₹170 Crore. The expansion project is expected to be commissioned by the end of second Quarter of the Financial Year 2018-19. In view of the company's current liquidity position and the likely business scenario in the upcoming financial year, the board is confident that the said Capital Expenditure can be largely financed through internal accruals.

Finance & Rating

During the year under review, your Company generated cash profits at adequate levels which did not necessitate additional / fresh working capital borrowings from Banks/ Financial Institutions. Hence, the Company has incurred finance costs only towards the Term Loan.

The Credit Rating Agency CARE, in their recent evaluation, have enhanced your company's Long Term Credit Rating from AA- to AA and reaffirmed the Short term borrowings rating at the highest grade of A1+.

During the year your Company, repaid the term loan of ₹10 crore to its lender as per the terms of the agreement.

Dividend

Your Directors are pleased to recommend payment of dividend of ₹1.80 per share of ₹10/- each (18 %), on the equity share capital of the Company [previous year ₹1.20/- per share of ₹10/- (12%)]. The dividend, together with the tax on Dividend, will absorb a sum of ₹35.16 crore (previous year ₹23.22 crore).

The Company successfully completed the process of obtaining the approval of its shareholders for Special Resolution on the item as mentioned above through Postal Ballot.

Mr. Makarand Joshi, Partner of M/s. Makarand M. Joshi, Company Secretaries (Membership No. FCS -5533) was appointed as the Scrutiniser for conducting the Postal Ballot and e-voting process in the fair and transparent manner.

Procedure for Postal Ballot

In compliance with Sections 108 and 110 and other applicable provisions of the Companies Act, 2013, read with the related Rules, the Company provides electronic voting (e-voting) facility to all its members. The Company engages the services of Karvy Computershare Private Limited, the Company's RTA for the purpose of providing e-voting facility to all its members. The members have the option to vote either by physical ballot or through e-voting.

The Company dispatches the postal ballot notices and forms along with postage prepaid business reply envelopes to its members whose names appear on the register of members / list of beneficiaries as on a cut-off date. The postal ballot notice is sent to members in electronic form to the email addresses registered with their depository participants (in case of electronic shareholding) / the Company's RTA (in case of physical shareholding). The Company also publishes a notice in the newspaper declaring the details of completion of dispatch and other requirements as mandated under the Act and applicable Rules. Voting rights are reckoned on the paid-up value of the shares registered in the names of the members as on the cut-off date. Members desiring to exercise their votes by physical postal ballot forms are requested to return the forms, duly completed and signed, to the Scrutiniser on or before the close of the voting period. Members desiring to exercise their votes by electronic mode are requested to vote before close of business hours on the last date of e-voting.

The Scrutiniser submits his report to the Chairman, after the completion of scrutiny, and the consolidated results of the voting by postal ballot are then announced by the Chairman / authorized officer. The results are also displayed on the Company website, www.nocil.com besides being communicated to the stock exchanges, depository and

registrar and share transfer agent. The last date for the receipt of duly completed Postal Ballot Forms or e-voting shall be the date on which the resolution would be deemed to have been passed, if approved by the requisite majority.

MANAGEMENT DISCUSSION AND ANALYSIS

Economic Review

The Indian Economy, despite the challenges encountered, saw a growth of about 7% for the year under review. Of course, the Indian Industrial Production was lower, at around 2% which was not a great news for the manufacturing sector. Several industries within the manufacturing sector witnessed negative growth. The year also witnessed a relatively lower trade deficit on account of lower crude oil prices for substantial part of the year and, this in turn, resulted in a manageable inflation rate of 5%+ at consumer price index level (CPI). During the year, the government passed two major initiatives i.e. passing of the Constitutional amendment paving the way for implementing the Goods and Services Tax (GST) and a bold action to demonetise the two highest denomination notes. GST is expected to rationalise indirect taxation structure, improve tax compliance and governance and boost long term investment and growth as well as eliminating multiple cascading taxes.

On the international front, the British Exit from the EU and the U.S. Presidential elections did have some volatile effects on the financial sector as well as other economies of the world. The world economy is expected to face challenging times in the coming year in view of major economic and other initiatives expected to be undertaken by certain western economies in the recent past. The trend towards protectionist nationalism of moving away from globalisation to isolation could be a new business dimension in future which may arrest the growth of globalisation.

Despite this, the International Monetary Fund (IMF) estimates that world GDP will grow by 3.50%+ in 2017. Under this context, the Indian economic growth of 7%+ stands out as a bright spot in the world economic landscape. The coming year is expected to witness a growth of 7.50%+ for India. Continued economic reforms, increase in public investment in infrastructure, development projects and lower credit costs (on account of surplus liquidity caused by demonetisation) will ensure that Indian economic growth is not hampered.

On the global front, the year was characterised by underlying weakness more particularly in the domestic consumption of China during the first half of the year. Due to the pick-up in the automobile sector and infrastructure investments in China, the economy picked up during the second half of the year.

Global rubber consumption witnessed a marginal growth of 1.60%. Rubber chemicals, essentially follow the trend of global rubber consumption. The good news on the domestic and International front, is that the Automobile sector has shown reasonably good growth during the year, in most of the segments. This growth in the automobile sector will give positive impetus to the rubber industry and in turn, to the rubber chemicals industry. Even the automobile production/vehicle registration data from China/Western world has shown a positive trend which is good news for our industry.

The outlook for FY 2017-18 for India, continues to be positive. Financial liquidity coupled with relatively subdued crude prices

augur well for the Indian economy. India continues to be and is expected to remain the fastest growing economy of the world.

Rubber Chemical Industry:

Rubber Chemicals are used by manufacturers who process and convert Natural Rubber and/or Synthetic Rubber into finished products, like Tyres, Hoses, Footwear, Moulded Components for vehicles, Industrial Belts, Gloves, etc.

Of these, the Tyre segment is clearly the single largest consuming segment for Rubber Chemicals. The overall demand for Rubber Chemicals as a group, therefore, is directly linked to Total (Natural + Synthetic) Rubber Consumption, although, individual chemical-wise demand is dependent on particular end-applications.

In the growing Radial Truck Tyre segment, the domestic tyre industry, during the first half, had to face a steep increase in the imports of Chinese Radial truck tyres, which were being dumped into the Indian market at very low prices due to a relatively subdued Chinese domestic demand. On account of the demonetization move initiated by the government in November 2016, imports from China saw a sudden drop and this led to higher production levels of domestic radial truck tyres. Further, improved production/manufacturing activity in the domestic Chinese automobile sector as well as tighter environmental monitoring by the Chinese Government, created supply-side constraints.

The major domestic non-tyre segment, namely the moulded & extruded goods segment, largely depends on the automobile sector. Thus, segment grew in line with the growth in respective OEM segments.

On the global business front, most major markets faced stable conditions, though growth ratios were modest. China saw relatively weaker G.D.P. growth (one of the lowest in the last 20 years), and some significant over-capacities. The situation got corrected due to tightening of environmental regulations for the Chinese manufacturing sector, more particularly for in the chemicals industry. During the second half of FY 2016-17, prices of some major Rubber Chemicals inputs rose to very high levels on account of the surge in the Benzene prices from USD 600 per MT to USD 1000 per MT. This sudden price increase led to our input costs going up by 30% to 80% for certain raw materials. Thankfully, due to our wide range of products and through an optimum mix of inventory management and buying strategy, we could withstand this sudden impact on our costs. Some of the competitors from China, Korea & the European Union, continued their approach of dumping products in the Indian market, at unrealistically low prices in certain products. The CIF prices of some of our finished products had reached such low levels as to completely neutralize some of the Anti-dumping duties levied on them. It only reinforces the need for continued imposition of appropriate Anti-Dumping Duties on these exporters, as was done by the Government of India, during earlier years.

Towards the quarter of January-March 2017, some hardening of finished goods prices was seen due to serious margin pressures faced by our competitors due to higher raw material prices and environmental costs. This has led to some price corrections beginning January 2017 onwards in both domestic and international

markets. This may result in some upward movement in the selling prices of Rubber Chemicals, as financial year 2017-18 unfolds.

Industry Structure and Developments

The sudden supply constraints from China on account of lower capacity utilisation ratios tightening of supplies, due to environmental pressures have led to some improvement in export volumes for the company. In turn, the company has started participating more actively in certain key accounts thereby, increasing our volume growth.

The broad trend in the Rubber Chemicals Industry, over the last decade has been one of proliferation of producers in China and consequent exit of major erstwhile producers from the developed regions (like Europe, Japan and US). More than 75% of global capacity is now concentrated in China/Korea and shared by a large number of producers. Some of whom are the largest in their selected products. However, there are also many smaller provincial players with an inadequate level of environmental and quality standards. Some more closures / consolidation therefore cannot be ruled out.

It is very likely however, that China with its large capacity and large number of direct and indirect export subsidies supported by currency management, will continue to be the major supplier of Rubber Chemicals to the world. The HSE related improvements and the rising wage costs, may to some extent diminish the price advantage that they could offer and this has obviously led to some price increases in our finished products. However, the possibility of renewed aggression cannot be completely ruled out.

Domestically, some signs of the Auto industry coming out of the last few years of weak demand growth are visible. With mining and coal-related issues being gradually sorted out, vehicle movement and tyre demand should also pick up. Stable input prices and reducing interest rates should help improve demand for new vehicles.

Should these positive signs persist, your company being the largest and well established player in the domestic market, is confident of taking advantage of these developments and achieve significant growth in the coming years.

Business Outlook: Opportunities & Threats

Opportunities:

Outlook for the Indian economy appears healthy with most estimates predicting a G.D.P. growth of 7.5%. Increased economic activity bodes well for transportation, leading to increased movements of commodities like coal, ores, fertilizers, cement etc. as also a host of other industrial consumer and agricultural goods. The above should occasion a boost in growth of the tyre industry in anticipation of which, our customers are investing in substantial expansion of their capacities. Your company expects to benefit due to these expansions.

Given the concentration of Rubber Chemicals capacity in China along with the associated uncertainties, there is some sense

of discomfort amongst international tyre majors, about over-dependence on a single source country. In this context, NOCIL is not only seen as a dependable and quality supplier, but also a player that offers almost a complete range of rubber chemicals. Moreover, NOCIL's strong R&D capabilities are considered a very important strength, by these tyre majors.

By virtue of its long association with most international tyre majors, your company also enjoys a preferred-supplier status with their Indian operations. With increasing presence of these players in the Indian market, NOCIL stands to gain significant leverage as a domestic supplier to these plants as well. There are opportunities for expanding business in certain speciality chemicals and high value chemicals, where some customers are conducting advanced pre-commercial studies. This development augurs well for us. Your company is taking all the necessary steps for meeting these increased requirements.

Increasing automobile production, vehicle registration etc. in certain markets coupled with expansion plans announced by major customers have led to an increasing demand trend for our rubber chemicals. In line with the trend, the Board has given a go ahead to the proposal to expand in the field of rubber chemicals. Expansion will be carried out at both the manufacturing sites with a construction period of about 18 months at an estimated cost of ₹170 Crs.

At the same time, we also continue to be selective in the choice of target customers and markets.

Threats:

To negate the impact of Anti-Dumping Duties, our competitors have for long been dumping their products in the Indian market at low prices. The situation got further aggravated by the slowdown in China. If such a situation recurs, the possibility of competitors pursuing an irrational pricing approach cannot be ruled out. This may create pressure on our margins.

Prices of building blocks like Benzene and other petrochemical inputs have gone up towards the end of the financial year. In case competitors decide not to pass on the increase due to weak demand or any other peculiar market situation, this may lead to some erosion of our margins in the interim period.

Sentiment-driven currency changes can also impact domestic prices and profitability. The country is expected to face a below average monsoon for the coming year and if it turns out to be correct, it may lead to fall in the rural demand thereby unfavourably impacting some user segments.

Risks & Concerns:

Exchange-rate fluctuations, volatility in Crude Oil and down-stream petrochemicals, political unrest in the Middle-East or the far-east etc. are all concern areas which your company may face from time to time.

The acute water-shortage and drought conditions in different parts of the country currently prevalent, can be a risk both to industrial production as well as overall demand.

Operating & Financial Performance for the Year

The Company's performance with regard to the domestic sales volumes, improved significantly by more than 12% for the year despite a subdued international growth of 1.60% in rubber consumption for major part of the year. Domestic turnover in value terms however, grew by a modest 4% due to suppressed pricing. On the export business front, there was acute competition from China/Korea/EU. Your company has chosen to export these products only to certain select key accounts, keeping in mind the importance of maintaining a regular presence at these key accounts and also to support capacity utilization at desirable levels. By a combination of a better product mix helped by speciality products and continual improvement in the efficiency of operations at all locations, the Company has managed to keep its operating margins healthy for all the four quarters and has achieved an improvement in the EBIDTA levels, for each of these quarters.

In terms of the inter-se promoters' agreement, the company sold part of its investment in Navin Fluorine International Ltd during the year and made an exceptional gain of ₹ 19.70 Crores.

Summary of financial performance of the Company is presented below:

(₹ In crore)

Particulars	F.Y. 2016-17	F.Y. 2015-16
Net Operating Revenues	742.22	715.21
Other Income	9.12	3.05
Total Income	751.34	718.25
EBIDTA	167.32	141.19

During the year under review, the Company achieved a profit before tax of ₹170.47 Crores as compared to ₹118.13 Crores in 2015-16.

Internal control systems

The Company has in place, adequate internal control systems and procedures covering all the financial and operating functions. These have been designed to provide adequate assurance to the management regarding compliance with the accounting standards by maintenance of appropriate accounting records, monitoring the economy and efficiency of operations, protecting the assets of the Company from losses and ensuring the reliability of financial and operational information through proper compliance with the statutory enactments and its rules and regulations. Some of the significant features of the internal control systems and procedures are as follows:

- Appropriate delegation of authority limits with responsibility for incurring capital and revenue expenditures.
- Approval and monitoring of annual revenue budget for all operating and service functions.

- Procedure for approval of capital budget proposals and monitoring the expenditure on such acquisitions.
- Formulating and reviewing the annual and long-term business plans.
- A comprehensive code of conduct for ensuring the integrity of financial reporting, ethical conduct, regulatory compliances and conflict of interest, if any.
- Review of the operations and financial plans in key business areas through monthly management meetings.
- Appointment of Internal Auditors to conduct periodical internal audits on operations, systems, internal control on financial reporting etc and issue reports to the management and the Audit Committee of the Board, regarding the adequacy and compliance with the internal controls and the efficiency and effectiveness of operations.
- An ERP system (SAP) connecting Plant, Regional Sales Offices and Head Office enables the management to evaluate and take decisions based on real time information systems.
- Task force team to study the impact and challenges to make the transition to Ind AS Accounting standards based financial statements and its recommendations to the board after due consultation from its advisors.
- Task force team to study the impact and challenges to graduate to GST based tax compliance system and its recommendations to the Board after due consultations from its advisors.

The Audit Committee of the Board of Directors, regularly reviews the findings of the internal auditors, adequacy of internal controls, financial controls, compliance with the accounting standards, as well as recommends to the Board, the adoption of the quarterly and annual results of the Company and appointment of auditors. The Audit Committee also reviews the related party transactions, entered into by the Company during each quarter.

Material developments in human resources

In view of the shortage of skilled human resources prevailing in the country and for a specialised industry like ours, our focus, during the year continued is on enhancing capabilities of our existing workforce. In order to retain skilled talent and promote high employee motivation and confidence level, which would enable the company to face the current challenges and seize future opportunities, various initiatives were taken. Some of the initiatives undertaken were of continual nature. In some cases, employee retention in the form of Service Bond, with a suitable monetary compensation at the end of the tenure of the service, was extended to new recruits with good educational background, across the organisation. Incentives are also offered to young employees in terms of deferred bonus. The system of awards for suggestions is another illustration. Further, in order to encourage and promote

academic achievement of the children of the employees, awards along with appreciation certificates are regularly given year after year.

Regular and detailed performance appraisal system is in place, to evaluate the performance of all the employees and necessary steps are taken to strengthen the areas in which they need improvement. The company undertakes regular training programmes for development of employee skills. To promote and develop upcoming managerial talent, advanced training programmes were extended to select skilled talent, who have displayed high potential to take additional responsibilities in the challenging business environment.

An appropriate compensation & reward system is in place, commensurate with the performance of the employees.

The Company complies with all the regulations pertaining to Safety and continues to have an excellent track record in this area. The main objective is, to achieve zero accident / incident and safe working environment. Regular programmes are therefore held on safety awareness, fire-fighting and first aid, apart from other developmental programmes. Any near miss accidents, are

thoroughly investigated to identify the root cause and appropriate corrective actions are put in place.

The Company has 306 management employees at Thane and Dahej, including trainees, and 150 non-management employees across its locations at the close of the financial year under review. Industrial relations remained cordial during the year.

Cautionary statement

Certain statements in the Management Discussion & Analysis describing the Company's objectives, projections, estimates, expectations or predictions may be 'forward looking statements' within the meaning of applicable securities laws and regulations. Actual results may differ from those expressed or implied. Important factors that could make a difference to the Company's operations include raw material availability and prices, cyclical demand and pricing in the Company's principal markets, fluctuating forex rates, changes in Government regulations, tax regimes, economic developments within India and the countries in which business is conducted, and other incidental factors.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF NOCIL LIMITED

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of NOCIL LIMITED ("the Company"), which comprise the Balance Sheet as at 31st March, 2017, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2017, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards prescribed under section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on 31st March, 2017 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company, and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. The Company has provided requisite disclosures in the standalone financial statements as regards its holding and dealings in Specified Bank Notes as defined in the Notification S.O. 3407(E) dated the 8th November, 2016 of the Ministry of Finance, during the period from 8th November 2016 to 30th December 2016. Based on audit procedures performed and the representations provided to us by the management we report that the disclosures are in accordance with the books of account maintained by the Company and as produced to us by the Management.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of NOCIL Limited (the Company) as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance

with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017

CORPORATE INFORMATION

NOCIL Limited (the Company) was incorporated on 11 May 1961, and is engaged in manufacture of rubber chemicals. The Company has manufacturing facilities at Navi Mumbai (Maharashtra) and at Dahej (Gujarat). The products manufactured by the Company are used by the tyre industry and other rubber processing industries.

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES:

a. Basis of preparation of financial statements

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013.

b. Use of estimates

The preparation of financial statements, in conformity with the generally accepted accounting principles, requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements and the reported amounts of revenues and expenses during the reported period. Differences between the actual results and estimates are recognized in the period in which the results are known/materialize.

c. Fixed Assets

(i) Property, Plant and Equipments:

Property, Plant and Equipments are stated at their cost of acquisition or construction less accumulated depreciation and impairment losses.

Costs of acquisition comprise all costs incurred to bring the assets to their location and working condition up to the date the assets are put to use. Costs of construction are composed of those costs that relate directly to specific assets and those that are attributable to the construction activity in general and can be allocated to the specific assets up to the date the assets are put to use.

(ii) Intangible Assets:

Intangible assets are stated at their cost of acquisition, less accumulated amortisation and impairment losses. An asset is recognised, where it is probable that the future economic benefits attributable to the assets will flow to the enterprise and where its cost can be reliably measured. The depreciable amount on intangible assets is allocated over the best estimate of its useful life on a straight line basis.

d. Depreciation and amortisation

i) Depreciation on Property, Plant and Equipments has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

ii) Leasehold land is amortised on a straight line basis over the period of the lease.

iii) Intangible assets are amortised over their estimated useful life of 10 years.

iv) Assets costing ₹5000/- or less are fully depreciated in the year of purchase.

e. Impairment of Assets

At the end of each year, the Company determines whether a provision should be made for impairment loss on Property, Plant and Equipments by considering the indications that an impairment loss may have occurred in accordance with Accounting Standard 28 on 'Impairment of Assets'. An impairment loss is charged to Statement of Profit and Loss in the year in which, an asset is identified as impaired, when the carrying value of the asset exceeds its recoverable value. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.

f. Leases

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis over the lease term.

g. Investments

Long-term investments are carried at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried, at the lower of cost and fair value.

h. Inventories

Inventories are measured at lower of cost and net realisable value. Cost of inventories comprise all costs of purchase (net of input credits), costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of stores and spares, raw materials, trading and other products is determined on weighted average basis. Cost of work-in-progress and finished stock is determined by the absorption costing method.

Excise Duty related to finished goods is included under changes in inventories of finished products and work-in-progress (Note 20.c).

i. Employee Benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards.

Defined Contribution Plans

The Company's contribution to provident fund, superannuation fund and employee state insurance scheme are considered

as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined Benefits Plans

Employee Benefits under defined benefit plans, such as compensated absences and gratuity which fall due for payment after a period of twelve months from rendering service or after completion of employment, are determined using the projected unit credit method, on the basis of actuarial valuations carried out by third party actuaries at each balance sheet date. The company's obligation recognized in the balance sheet represents the present value of obligation as reduced by the fair value of plan assets, where applicable.

Actuarial Gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur.

j. Foreign currency transactions and translations

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction. Monetary items outstanding at the balance sheet date are restated at the year-end rates. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement as also on translation of monetary items at the end of the year is recognised as income or expense, as the case may be.

Any premium or discount arising at the inception of the forward exchange contract is recognized as income or expense over the life of the contract.

k. Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to revenue.

l. Revenue recognition

Revenue on sale of products is recognised when the products are dispatched to customers, all significant contractual obligations have been satisfied and the collection of the resulting receivable is reasonably expected. Sales are stated net of returns and sales tax recovered. Excise duty related to sales turnover is presented as a reduction from gross sales.

Interest income is accounted on accrual basis.

Dividend income is accounted for when the right to receive it is established.

Revenue is recognized when it is earned and no significant uncertainty exists as to its realization or collection.

m. Taxation

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income-tax Act, 1961 and other applicable tax laws.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred income tax reflect the current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years / period. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available except that deferred tax assets, in case there are unabsorbed depreciation and losses, are recognized if there is virtual certainty that sufficient future taxable income will be available to realize the same.

n. Earnings Per Share

The Company reports Earnings Per Share (EPS) in accordance with Accounting Standard 20 on Earnings Per Share. Basic EPS is computed by dividing the net profit for the year by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by dividing the net profit for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all dilutive potential equity shares, except where the results are anti-dilutive.

o. Employee Share based payments

The Company has constituted an Employee Stock Option Plan 2008. Employee Stock Options granted on or after 1 April, 2005 are accounted under the 'Intrinsic Value Method' stated in the Guidance Note on Employee Share Based Payments issued by the Institute of Chartered Accountants of India.

p. Cash Flow statement

The Cash Flow Statement is prepared by the indirect method set out in Accounting Standard 3 on Cash Flow Statements and presents the cash flows by operating, investing and financing activities of the company. Cash and cash equivalents presented in the Cash Flow Statement consist of cash on hand, balance in current accounts and unencumbered demand deposits with banks.

q. Provisions and contingencies

A provision is recognised when there is a present obligation as a result of past event/s and it is probable that an outflow of resources will be required to settle the obligation. Contingent liabilities, if any, are disclosed in the notes to the financial statements.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF NOCIL LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of NOCIL LIMITED (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), comprising of the Consolidated Balance Sheet as at 31st March, 2017, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its Associates and Jointly controlled entities in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under Section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associates and its jointly controlled entities and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by other auditors in terms of their reports referred to in sub-paragraphs (a) and (b) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements / financial information of the branches, jointly controlled operations, subsidiaries, associates and jointly controlled entities referred to in the Other Matters paragraph below, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, as at 31st March, 2017, and their consolidated profit/loss and their consolidated cash flows for the year ended on that date.

Other Matters

We did not audit the financial statements of one subsidiary, whose financial statements reflect total assets of ₹ 3,053.21 lakhs as at 31st March, 2017, total revenues of ₹ Nil and net cash inflows amounting to ₹ 14.64 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiary is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the branch auditors and other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, based on our audit and on the consideration of the report of the other auditor on separate financial statements and the other financial information of subsidiaries, referred in the Other Matters paragraph above we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards prescribed under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2017 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, none of the directors of the Group company is disqualified as on 31st March, 2017 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A", which is based on the auditors' reports of the Holding company, subsidiary company. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Holding company and its subsidiary company's internal financial controls over financial reporting.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group. Refer Note 24 to the Consolidated Financial statements;
 - ii. The Group did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary company.
 - iv. The Holding Company has provided requisite disclosures in the consolidated financial statements as regards the holding and dealings in Specified Bank Notes as defined in the Notification S.O.

3407(E) dated the 8th November, 2016 of the Ministry of Finance, during the period from 8th November, 2016 to 30th December, 2016 of the Group entities as applicable. Based on audit procedures performed and the representations provided to us by the management we report that the disclosures are in accordance with the relevant books of accounts maintained by those entities for the purpose of preparation of the consolidated financial statements and as produced to us / other auditors by the Management of the respective Group entities.

ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2017, we have audited the internal financial controls over financial reporting of NOCIL Limited (hereinafter referred to as the Holding Company) and its subsidiary company as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary company are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants

of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary company in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition

of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to one subsidiary company is based on the corresponding reports of the auditors of such company.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2017

CORPORATE INFORMATION

NOCIL Limited (the Company) was incorporated on 11 May 1961, and is engaged in manufacture of rubber chemicals. The Company has manufacturing facilities at Navi Mumbai (Maharashtra) and at Dahej (Gujarat). The products manufactured by the Company are used by the tyre industry and other rubber processing industries.

The following wholly owned subsidiary company is included in the Consolidation:

Name of the Company	Country of incorporation	Nature of business
PIL Chemicals Limited	India	Processing of rubber chemical products

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES:

a. Basis of preparation of financial statements

The consolidated financial statements of the Company and its subsidiary (together the "Group") have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013.

b. Principles of Consolidation

The subsidiary company is consolidated on a line-by-line basis in accordance with Accounting Standard 21 on "Consolidated Financial Statements". Inter-company transactions and balances are eliminated on consolidation.

For the purpose of consolidation, the financial statements of the Subsidiary company are drawn up to 31 March 2017.

c. Uniform Accounting Policies

The Consolidated Financial Statements of the Company and its subsidiary company have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.

d. Use of estimates

The preparation of financial statements, in conformity with the generally accepted accounting principles, requires estimates and assumptions to be made that affect the reported amounts of assets and liabilities on the date of financial statements and the reported amounts of revenues and expenses during the reported period. Differences between the actual results and estimates are recognized in the period in which the results are known / materialize.

e. Fixed Assets

(i) Property, Plant and Equipments:

Property, Plant and Equipments are stated at their cost of acquisition or construction less accumulated depreciation and impairment losses.

Costs of acquisition comprise all costs incurred to bring the assets to their location and working condition up to the date the assets are put to use. Costs of construction are composed of those costs that relate directly to

specific assets and those that are attributable to the construction activity in general and can be allocated to the specific assets up to the date the assets are put to use.

(ii) Intangible Assets:

Intangible assets are stated at their cost of acquisition, less accumulated amortisation and impairment losses. An asset is recognised, where it is probable that the future economic benefits attributable to the assets will flow to the enterprise and where its cost can be reliably measured. The depreciable amount on intangible assets is allocated over the best estimate of its useful life on a straight line basis.

f. Depreciation and amortisation

i) Depreciation on tangible Property, Plant and Equipments has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

ii) Leasehold land is amortised on a straight line basis over the period of the lease.

iii) Intangible assets are amortised over their estimated useful life of 10 years.

iv) Assets costing ₹ 5000/- or less are fully depreciated in the year of purchase.

g. Impairment of Assets

At the end of each year, the Group determines whether a provision should be made for impairment loss on Property, Plant and Equipments by considering the indications that an impairment loss may have occurred in accordance with Accounting Standard 28 on 'Impairment of Assets'. An impairment loss is charged to Statement of Profit and Loss in the year in which, an asset is identified as impaired, when the carrying value of the asset exceeds its recoverable value. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimate of recoverable amount.

h. Leases

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Profit and Loss on a straight-line basis over the lease term.

i. Investments

Long-term investments are carried at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried, at the lower of cost and fair value.

j. Inventories

Inventories are measured at lower of cost and net realisable value. Cost of inventories comprise all costs of purchase (net of input credits), costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of stores and spares, raw materials, trading

and other products is determined on weighted average basis. Cost of work-in-progress and finished stock is determined by the absorption costing method.

Excise Duty related to finished goods is included under changes in inventories of finished products and work-in-progress (Note 20.c).

k. Employee Benefits

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards.

Defined Contribution Plans

The Group's contribution to provident fund, superannuation fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

Defined Benefits Plans

Employee Benefits under defined benefit plans, such as compensation absences and gratuity which fall due for payment after a period of twelve months from rendering service or after completion of employment, are determined using the projected unit credit method, on the basis of actuarial valuations carried out by third party actuaries at each balance sheet date. The company's obligation recognised in the balance sheet represents the present value of obligation as reduced by the fair value of plan assets, where applicable.

Actuarial Gains and losses are recognised in the Statement of Profit and Loss in the period in which they occur.

l. Foreign currency transactions and translations

Transactions in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction. Monetary items outstanding at the balance sheet date are restated at the year-end rates. The exchange difference between the rate prevailing on the date of transaction and on the date of settlement as also on translation of monetary items at the end of the year is recognised as income or expense, as the case may be.

Any premium or discount arising at the inception of the forward exchange contract is recognised as income or expense over the life of the contract.

m. Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to revenue.

n. Revenue recognition

Revenue on sale of products is recognised when the products are dispatched to customers, all significant contractual obligations have been satisfied and the collection of the resulting receivable is reasonably expected. Sales are stated net of returns and sales tax recovered. Excise duty related to sales turnover is presented as a reduction from gross sales.

Interest income is accounted on accrual basis.

Dividend income is accounted for when the right to receive it is established.

Revenue is recognized when it is earned and no significant uncertainty exists as to its realization or collection.

o. Taxation

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income-tax Act, 1961 and other applicable tax laws.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Group.

Deferred income tax reflect the current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years / period. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available except that deferred tax assets, in case there are unabsorbed depreciation and losses, are recognized if there is virtual certainty that sufficient future taxable income will be available to realize the same.

p. Earnings Per Share

The Group reports Earnings Per Share (EPS) in accordance with Accounting Standard 20 on Earnings Per Share. Basic EPS is computed by dividing the net profit for the year by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by dividing the net profit for the year by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all dilutive potential equity shares, except where the results are anti-dilutive.

q. Employee Share based payments

The Company has constituted an Employee Stock Option Plan 2008. Employee Stock Options granted on or after 1 April, 2005 are accounted under the 'Intrinsic Value Method' stated in the Guidance Note on Employee Share Based Payments issued by the Institute of Chartered Accountants of India.

r. Cash Flow statement

The Cash Flow Statement is prepared by the indirect method set out in Accounting Standard 3 on Cash Flow Statements and presents the cash flows by operating, investing and financing activities of the Group. Cash and cash equivalents presented in the Cash Flow Statement consist of cash on hand, balance in current accounts and unencumbered demand deposits with banks.

s. Provisions and contingencies

A provision is recognised when there is a present obligation as a result of past event/s and it is probable that an outflow of resources will be required to settle the obligation. Contingent liabilities, if any, are disclosed in the notes to the financial statements.
